EMPLOYMENT

Postdoctoral Research Associate in Economics <i>Heriot-Watt University, TransiT Research Hub</i>	2025 – Edinburgh, UK
Research Assistant <i>Heriot-Watt University, Statistical Review of World Energy</i>	2022 – 2023 Edinburgh, UK

EDUCATION

PhD, Economics <i>Heriot-Watt University</i>	2025 Edinburgh, UK
MSc, Economics <i>University of Edinburgh</i>	2021 Edinburgh, UK
MA (Hons), Economics with Management Science <i>University of Edinburgh</i>	2020 Edinburgh, UK

TEACHING EXPERIENCE

University of Edinburgh • SGPE Econometrics 1 (postgraduate) – Tutor • SGPE Econometrics 1 (postgraduate) – Stata labs teaching assistant	2021 – 2024
Heriot-Watt University • Econometric Methods (postgraduate) – Stata labs teaching assistant • The Economy (undergraduate) – Exam marker	2023 – 2024

PUBLICATIONS & WORKING PAPERS

Skill vs. Education Types of Labour Mismatch and Their Association with Earnings (2026), arXiv preprint arXiv:2606.13506.

Matched or Mismatched? Unpacking Gender Mismatch Gaps with Machine Learning with C. Tealdi (2025), Revise and resubmit at Labour Economics, Available at SSRN.

Using Machine Learning Methods to Estimate the Gender Wage Gap with R. J. Forshaw, M. E. Schaffer, C. Tealdi (2024), Machine Learning for Econometrics and Related Topics (pp. 109-129). Cham: Springer Nature Switzerland.

An Introduction to Stacking Regression for Economists with A. Ahrens, E. Ersoy, H. Li and M. E. Schaffer (2022), International Conference of the Thailand Econometrics Society (pp. 7-29). Cham: Springer International Publishing.

CONFERENCE PRESENTATIONS

2026	Scotland and Northern England Conference in Applied Microeconomics
2025	SGPE Residential Conference
2024	Workshop on Frontiers of Macro – Labour Economics Scotland and Northern England Conference in Applied Microeconomics SGPE Residential Conference
2023	SGPE Residential Conference

CODE

[toysimlm](#) – Microsimulation of labour mismatch based on a two-sided matching model

[dap_mrs](#) – Gale-Shapley algorithm for computing an applicant-optimal assignment using agents' characteristics and their counterparts' marginal rate of substitution

[mismatch.toolbox](#) – Toolkit for computing educational and skill mismatch indicators from OECD PIAAC data

INDUSTRY EXPERIENCE

Financial Analyst Intern <i>IC Select</i>	<i>June – August 2020</i> Edinburgh, UK
Activity Leader <i>Fettes Centre for Language and Culture</i>	<i>July 2017, July 2018</i> Edinburgh, UK

SKILLS

Programming: Python (pandas, NumPy, Matplotlib, scikit-learn, DoubleML), Stata, R, MATLAB
Tools: Git, Excel, MS Access, GAMS, $\text{\LaTeX}$
Methods: Economic modelling, econometrics, machine learning, causal inference, simulation modelling
Datasets: PIAAC, LFS, CPS, NTS, energy data
Languages: Russian (native), English (fluent)

WORKSHOPS & TRAINING

Long-Run Urban Development <i>University of Stirling</i>	<i>2026</i> Stirling, UK
Treatment Effects and Machine Learning <i>University of Oxford</i>	<i>2022</i> Oxford, UK
Machine Learning for Economists <i>University of St Andrews</i>	<i>2022</i> St Andrews, UK

LEADERSHIP & VOLUNTEERING

Jiu Jitsu Instructor <i>James Gillespie's High School, Edinburgh University Jiu Jitsu Club</i>	<i>2021 –</i> Edinburgh, UK
